
Appendix I – Ground Water

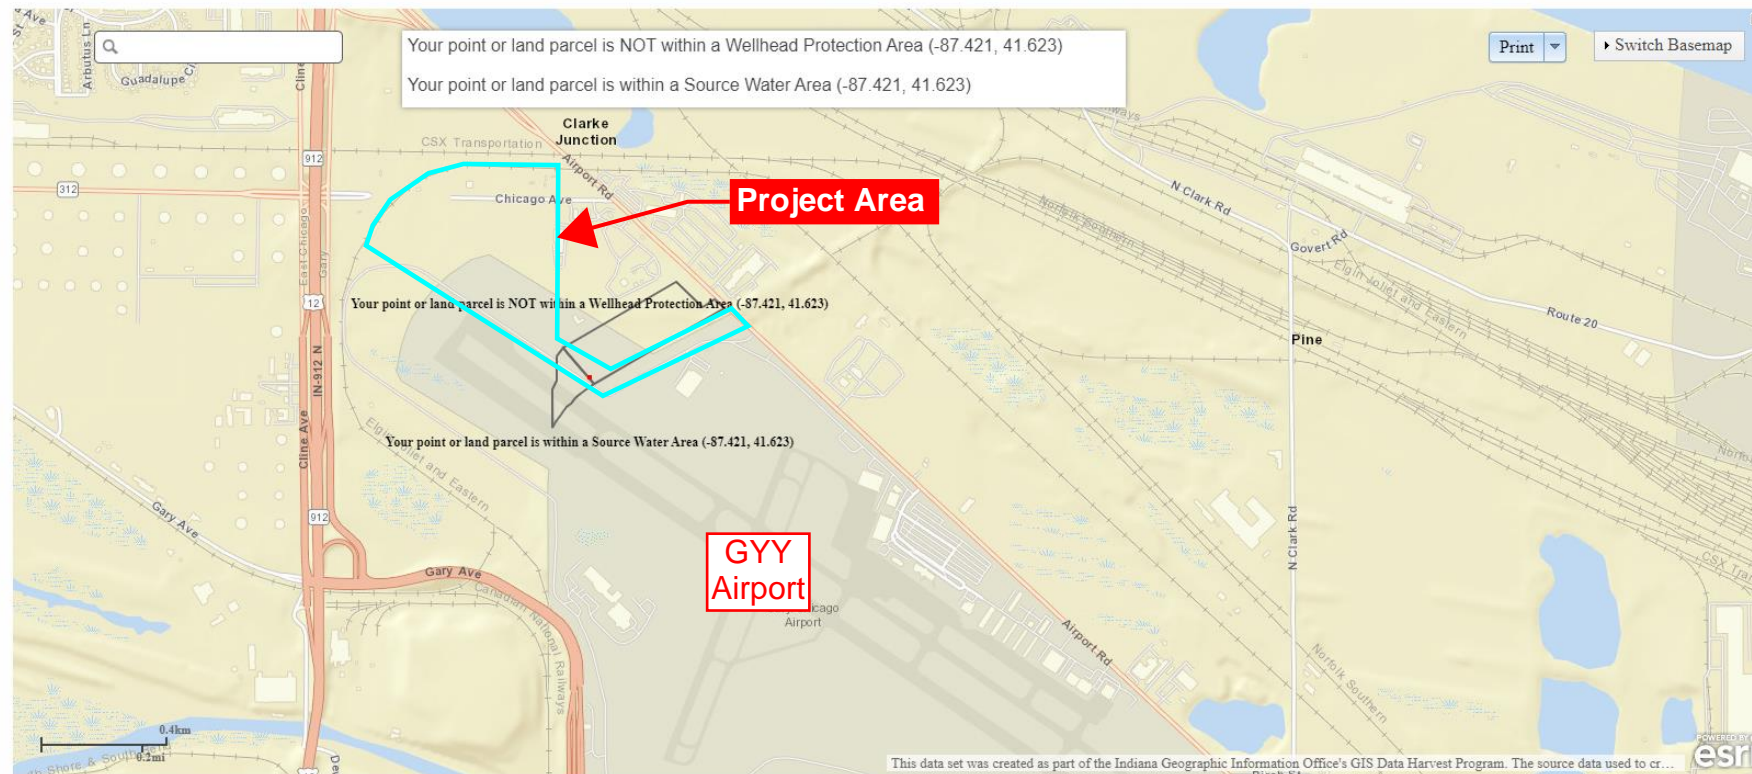

IDNR Water Well Locations

Indiana DNR water well records READ-ONLY

It is requested that the Indiana Department of Natural Resources, Division of Water be cited in any products generated from this data. The following source citation should be included: Water Well Locations in Indiana, Indiana Department of Natural Resources, | Maxar | Esri Community Maps Contributors, County of Lake, Indiana, Esri, TomTom, Garmin, SafeGraph, GeoTechnologies, Inc, METI/NASA, USGS, EPA, NPS, US Census Bureau, USDA, USFWS

Source Water Proximity Determination Tool

The Drinking Water Branch has launched a self-service feature which allows one to determine source water proximity without submitting the application form. This tool will identify whether a site is located in a Source Water Susceptibility Area and/or Wellhead Protection Area. Source Water Susceptibility Areas relate to surface water and Wellhead Protection Areas relate to groundwater.
